Albert Einstein was one of the most brilliant scientists of all time. His theories of relativity revolutionized our understanding of the universe, and his work on quantum mechanics laid the foundation for much of modern physics. But Einstein was also a gifted writer and speaker, and his quotes on science, life, and the universe are still inspiring people today.

Here is a collection of some of Einstein's most famous and thoughtprovoking quotes, along with some of his lesser-known gems:

""The important thing is to not stop questioning. Curiosity has its own reason for existing."

Albert Einstein"

""If you can't explain it simply, you don't understand it well enough."

Albert Einstein"

""The only source of knowledge is experience."

Albert Einstein"

""The universe is not merely strange. It is stranger than we can imagine."

Albert Einstein"

""God does not play dice."

Albert Einstein"

""If I were not a physicist, I would probably be a musician. I often think in music. I live my daydreams in music. I see my life in terms of music."

Albert Einstein"

""The most beautiful thing we can experience is the mysterious. It is the source of all true art and science."

### Albert Einstein"

These are just a few of the many inspiring and thought-provoking quotes from Albert Einstein. His words continue to inspire and challenge us today, and they remind us of the importance of curiosity, imagination, and perseverance.
